Product Information

CAUTION:

The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.

IC Statement:

This device contains license-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's license-exempt RSS(s). Operation is subject to the following two conditions:

1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device.

CAN ICES-3(B)/NMB-3(B)

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

1. L'appareil ne doit pas produire de brouillage.
2. L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

This equipment complies with IC RSS-102 radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Ce matériel est conforme aux limites de dose d'exposition aux rayonnements IC RSS-102 énoncées pour un autre environnement. Cet émetteur ne doit pas être situé ou fonctionner conjointement avec toute autre antenne ou émetteur.

CE statement:

Hereby, Orangetheory Fitness declares that this product is in compliance with:

- The full text of the EU declaration of conformity (DoC) is available at the following internet address:
www.orangetheory.com/en-us/production-information
- The object of the declaration described above is in conformity with the relevant European Union harmonization Legislation: Directive 2014/53/EU and any other applicable directives. This declaration is issued under the sole responsibility of OTF Product Sourcing, LLC. Bluetooth: frequency 2402-2480MHz, max output power 3.65dBm. Regulatory authorities within the EU may obtain

compliance information by writing to: 6000 Broken Sound Parkway North West, Boca Raton, FL, 33487. This important Product Information Guide contains safety and handling, regulatory, and warranty information.

- **Battery Safety:** This Orangetheory Fitness product contains a nonreplaceable battery. Dispose of OTconnect Beat units according to local waste authority regulations.
- **KEEP BATTERIES AWAY FROM CHILDREN**
- **NEVER PUT BATTERIES IN MOUTH.** Swallowing can lead to chemical burns, perforation of soft tissue, and death. Severe burns can occur within 2 hours of ingestion. Seek immediate medical attention.
- Do not remove or attempt to remove nonreplaceable battery. Do not use sharp tools in an attempt to remove the nonreplaceable battery.
- Before beginning or modifying any exercise program, please consult your physician. If you have a pacemaker or other implanted electronic device, consult your physician before using a heart rate sensor. This product is not intended for medical purposes. Heart rate and other readings could be influenced by interference from external sources.
- If you use this product with navigation software, always be aware of your surroundings and do not fixate on the screen. Moreover, set destinations and other user inputs prior to your departure to ensure your attention stays on task and your facilities are directed to your activity and not the device.
- This device contains no user serviceable parts and repairs/modification should only be made by a technician authorized by Orangetheory Fitness. Any unauthorized modifications or repairs will void your warranty.
- Do not leave device exposed to excessive heat or cold.

CAUTION:

- Do not attempt to replace battery.
- Do not dispose of OTconnect Beat™ into a fire or a hot oven, or mechanically crush or cut – that can result in an explosion.
- **Attention:** Leaving OTconnect Beat™ in an extremely high-temperature environment can result in an explosion or leakage of flammable liquid or gas.
- OTconnect Beat™ subjected to extremely low air pressure may result in an explosion or the leakage of flammable or liquid gas.
La operación de este equipo está sujeta a las siguientes dos condiciones: (1) es posible que este equipo o dispositivo no cause interferencia perjudicial y (2) este equipo o dispositivo debe aceptar cualquier interferencia, incluyendo la que pueda causar su operación no deseada.

FCC Rules Part 15:

The enclosed hardware device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference and (2) it must accept any interference received, including interference that may cause undesired operation.

FCC Compliance Statement:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
 - Increase the separation between the equipment and receiver.
 - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help.
